

# Jira Lab 2 – Epics & User Stories

Scenario: Feature Flag & Dynamic Config Manager  
Student: Pavitra Jain | SRN: PES1UG24AM188

## Epic and User Story Summary

The following table lists the six epics and the user stories created for the student's own scenario, with their Jira story-point estimates.

| Epic                                | Epic Key | User Story                                  | Story Points |
|-------------------------------------|----------|---------------------------------------------|--------------|
| Feature Flag Management             | FFDCM-1  | Create Feature Flag                         | 3            |
|                                     |          | Update Feature Flag                         | 2            |
|                                     |          | Manage Default Flag State                   | 2            |
| Targeting & Rollouts                | FFDCM-2  | Configure Percentage Rollout                | 5            |
|                                     |          | Deterministic User Targeting                | 8            |
|                                     |          | Apply Beta Cohort Targeting                 | 5            |
| Feature Flag Evaluation & Audit     | FFDCM-3  | Evaluate Feature Flag                       | 8            |
|                                     |          | Authenticate Evaluation Request             | 3            |
|                                     |          | Record Evaluation Audit Log                 | 3            |
| Environment Configuration           | FFDCM-4  | Configure Environment Override              | 5            |
|                                     |          | Evaluate Environment-Specific Configuration | 5            |
| Performance, Security & Reliability | FFDCM-5  | Fast and Secure Flag Evaluation             | 8            |
|                                     |          | Graceful SDK Fallback                       | 8            |
| SDK Synchronization                 | FFDCM-6  | Push Real-Time Flag Updates                 | 8            |
|                                     |          | Synchronize SDK Cache                       | 5            |

**Total:** 6 Epics | 15 User Stories | 78 Story Points
